Tree luminaires

Bover luminaires exude warmth and timelessness, allowing us to enhance the quality of people's lives throught space and light.

To continue this philosophy, we are bringing a new element to the outdoors.

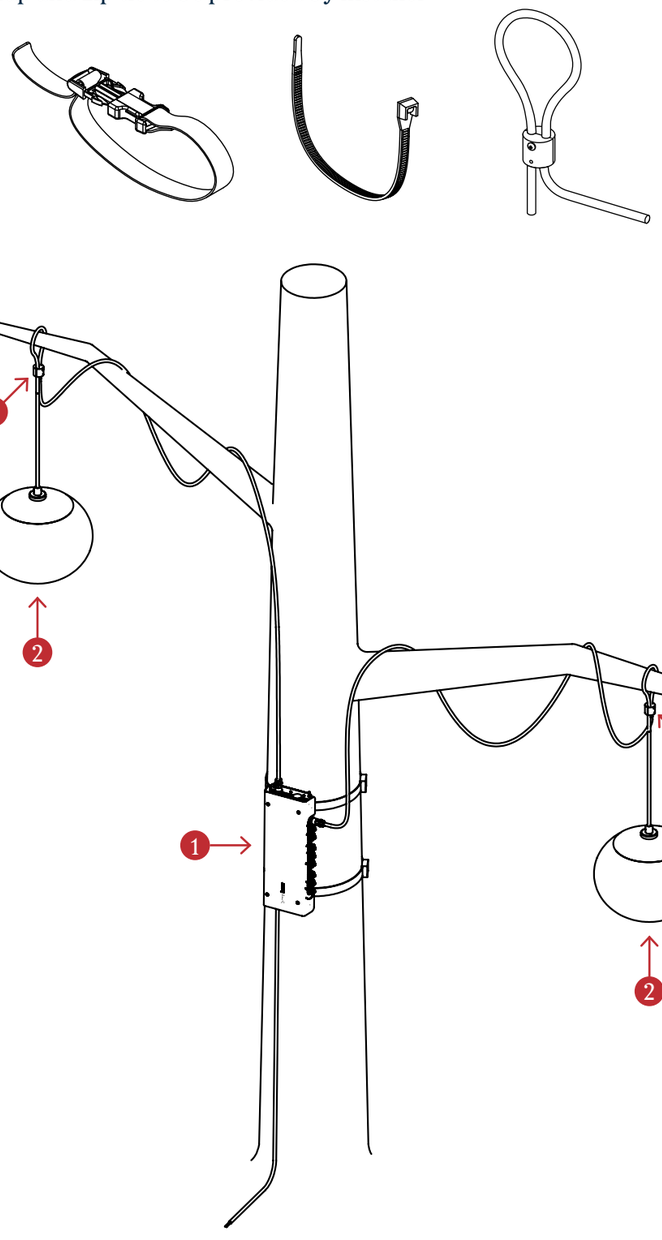

Bover 24V outdoor rated luminaires can effortlessly be adapted to light up challenging tree canopy environments.

Hightlight natures work and bring the right application where it is needed most.

Hand woven PVE rattan shades compliment Extra Durable rated powder coat aluminum structures; build for the toughest of weather conditions.

IP 54 & 66 rated luminaires feature integrated LEDs available in 3 color temperatures and feature waterproof rated plugs that can be quickly disconnected and stored when needed.

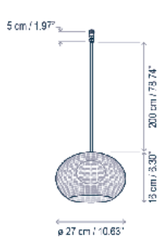

Strap and zip tie to be provided by installer
